

LEADER IN TRAINING (LIT)

***A Wilderness Leadership Experience in French River and Georgian Bay
For Grade 10 and 11 Graduates***

LIT is where it all comes together! The objective of this course is to equip students with the experience, certifications, and knowledge to someday work in the outdoor industry. This course begins with a 13 day long expedition that provides students with an opportunity to learn the fundamentals of coastal kayaking

and white water canoeing, as well as invaluable leadership and interpersonal skills. Students will spend 6 days on a moving water canoe trip down the French River, followed by a transition day of gear and boats, and another 6 days kayaking on Georgian Bay.

As the trip progresses, you (as a team of student leaders) will be given the challenge of taking on a larger portion of the logistics and finer details of trip planning. The experience of leading and being responsible for more than just your immediate needs will provide important tools as a leader and individual.

After the French River and Georgian Bay trip is complete, students may participate in an 7 day placement in one of our junior programs, to gain experience teaching younger students and further develop their own leadership.
