

WINTER CAMP 2026

WHY GO WINTER CAMPING WITH GOULD LAKE?

A whole year is just way too long to wait to do another camping trip. Come join us for a fun filled weekend in Frontenac Park. Gould Lake winter camp is a 3 day (2 nights) hiking/camping trip in Frontenac Park. Before trip students will attend an information night where important skills will be taught such as, heat loss and transfer, layering systems, tips and tricks on how to stay warm and packing techniques unique to winter travel. During the 3 day trip students will also get to learn about, hiking and snowshoeing techniques, safe winter wilderness travel, quinzhee building, cooking over fire and much more.

The goal with winter camp is to give our students, that already have experience with our summer programs, a trip that is very different from the ones we are all used to and love so much. Let us tell you though, you will love winter camp just as much.
