

Primary Eco Adventure

A hands-on exploration of a pond ecosystem and an enjoyable interpretive hike through the forest.

Duration: Full day (1/2 day Pond Study and 1/2 day Hike)

Curriculum Reference: Science and Technology

Grade: JK-1

Minimum Supervision Requirements: Teacher + 2 adult supervisors

Learning Objectives: to discuss and investigate life cycles, the needs of all living things and the importance of healthy ecosystems.

Big Ideas:

- What is a lifecycle?
- What are the basic needs of all living things?
- How can you tell if an ecosystem is healthy?
