

Cookout Adventure

A day of adventure including an interpretive hike and wilderness cookout.

Duration: Full day program

Curriculum Reference: Health & Physical Education, Science

Grade: Grade 3-8

Minimum Supervision Requirements: 1 adult per cook group (this can include the teacher).

Learning Objective: to engage students in a fun and safe wilderness cookout experience.

Big Ideas:

- What are signs of animals we can find on a hike?
- What are plants and animals doing during this time of year?
- How do we make a fire to cook food in a way that is safe and has a minimum impact on the environment?
